RE: GTE Communications Corporation
Docket Nos. T-03258A-96-0492, T-03258A-97-0545, T-03258A-97-0568, and
T-03258A-00-0236

Dear Mr. Mumaw:

On April 11, 2000, GTE Communications Corporation filed an application (T-03258A-00-0236) for a CC&N to provide facilities-based interexchange toll telecommunications in the State of Arizona. Pursuant to A.A.C. R14-2-1104(E), the Applicant is required to publish legal notice of the application in all counties where services will be provided no later than 20 days after the application is filed. The Applicant must file with the Commission copies of the affidavits of publication for each newspaper in which public notice in this matter was published.

Additionally, in order for Staff to continue with its review of these applications, the following information must be submitted:

- A. Please submit a new tariff for facilities-based and resold interexchange services. Please include current and maximum rates. Many revisions were sent over the years, and we need one complete and up-to-date copy to process the applications in the fastest way possible.

This information must be received by Docket Control within 30 days of the date of this letter. If no response is received within 60 days of the date of this letter, Staff will recommend that the application be terminated. If the application is terminated, the Applicant cannot provide resold intrastate toll telecommunications in Arizona, until such time as a new application is filed with and approved by the Commission.

If you have any questions, please contact me at (602) 542-0742. Thank you for your prompt response to this request.

Respectively,

Marta Kalleberg
